Goal:
We will partner to position the region as a viable destination for manufacturing investment in specialisations that will secure and extend businesses into local and global supply chains that will be sustainable in the long-term.

Goal:
We will partner to improve the efficiency and effectiveness of existing and new transport infrastructure through improved logistics, drawing on opportunities such as those provided by high capacity broadband.

Goal:
We will facilitate leadership and strategic intent to make SEQ the most digitally capable region in Australia.

Goal:
We will collaborate with Northern New South Wales on projects where there is common interest.

Goal:
We will develop an agreed set of indicators for regional development in SEQ to assist in priority project identification and performance measurement.

Goal:
We will address regional skills shortages and employment issues and support initiatives to position the region for the Asian century.
